Thank you for your support & Happy Holidays.

Healthy Living Report

By: Autumn Rogers- Healthy Living Officer

Taking a break from your phone can lead to a healthier life because it allows your body and mind to rest and recharge. Think of it like giving your eyes a break from staring at a bright screen, which can help you sleep better at night. It also frees up time for you to move your body more, like going for a walk, instead of just sitting around. Plus, you'll have more opportunities to connect with people face-to-face, which is great for your happiness and overall well-being.

Bi-County Events

Bi-County events are extremely important if you plan on showing at the Yuba-Sutter Fair. Each member is required to attend at least 2 Bi-County events in order to exhibit at fair. This is an abundance of opportunity to complete these. We encourage you to get these events done as early as possible to avoid confusion or stress as fair approaches. We are happy to help find a Bi-County event that interests you.
